GRADING SYSTEM																									
14.1	Based on the performance of a student, each student is awarded a final letter grade in each subject at the end of the semester. Absolute grading is followed. The letter grades and the corresponding grade points are as follows : I. Grades <table><thead><tr><th>Grade</th><th>Grade Point</th><th>Marks</th></tr></thead><tbody><tr><td>Ex</td><td>10</td><td>100-90</td></tr><tr><td>A</td><td>9</td><td>89-80</td></tr><tr><td>B</td><td>8</td><td>79-70</td></tr><tr><td>C</td><td>7</td><td>69-60</td></tr><tr><td>D</td><td>6</td><td>59-50</td></tr><tr><td>P</td><td>5</td><td>49-40</td></tr><tr><td>F</td><td>0</td><td>below 40</td></tr></tbody></table> In addition, there shall be two transitional grades I and X used by the instructors. II. Percentage conversion and Division Percentage Marks = CPI x 10	Grade	Grade Point	Marks	Ex	10	100-90	A	9	89-80	B	8	79-70	C	7	69-60	D	6	59-50	P	5	49-40	F	0	below 40
Grade	Grade Point	Marks																							
Ex	10	100-90																							
A	9	89-80																							
B	8	79-70																							
C	7	69-60																							
D	6	59-50																							
P	5	49-40																							
F	0	below 40																							
	A student is considered to have completed a subject successfully and earned the credits if he secures a letter grade other than I, X or F in that subject. A letter grade F in any subject implies a failure in that subject.																								
14.3	The Transitional Grades I and X a) The teacher of a subject may award the grade ‘I’ to a student if the latter was compelled to absent himself from the end semester examination on account of: (i) Illness or accident which disabled him from appearing at the examination. (ii) A calamity in the family at the time of the examination, which, in the opinion of the Institute, required the student to be away from the campus. A student will be eligible for the award of grade ‘I’ only if his/her attendance at classes																								

	and performance in other components of assessment are complete and satisfactory. b) The teacher of a subject may award the grade 'X' to a student if the overall performance of the student in the course is good, but is likely to get grade 'F' based on his/her end semester examination. c) All 'I' and 'X' grades awarded by teachers must be converted by them to appropriate letter grades and communicated to the Academic Section (through Head of the Department) within two days of the respective make up examination. Any outstanding 'I' and 'X' grades two days after the last scheduled make up examination will be automatically converted to an 'F' grade.
14.4	A Semester Performance Index (SPI) will be computed for each semester rounded upto two decimal places. The SPI will be calculated as follows: $\text{SPI} = (C1 \cdot G1 + C2 \cdot G2 + C3 \cdot G3 + \dots + Cn \cdot Gn) / (C1 + C2 + C3 + \dots + Cn)$ where, n is the number of courses registered during the semester, C_i is the number of credits allotted to a particular course, and G_i is the grade points corresponding to the grade awarded for the course.
14.5	A Cumulative Performance Index (CPI) will be computed at the end of each semester and communicated to the students along with the SPI and the grades obtained by them for that semester. The CPI gives the cumulative performance of the student from the first semester up to the end of the semester to which it refers, and will be calculated rounded upto two decimal places as follows: $\text{CPI} = (C1 \cdot G1 + C2 \cdot G2 + C3 \cdot G3 + \dots + C_m \cdot G_m) / (C1 + C2 + C3 + \dots + C_m)$ where, m is the number of courses registered upto that semester, C_i is the number of credits allotted to a particular course, and G_i is the grade points corresponding to the grade awarded for the course. Whenever a student repeats or substitutes a course in any semester, the lower grade(s) obtained by him/her in the course is to be ignored in the computation of CPI from that semester onwards.
14.6	Both SPI and CPI will be rounded off to the second place of decimal and recorded as such. Whenever these CPI are to be used for the purpose of determining the merit ranking of a group of students, only the rounded off values will be used.
14.7	When a student gets the grade 'I' or 'X' for any course during a semester, the SPI for that semester and the CPI at the end of that semester will be tentatively calculated ignoring 'I' and 'X' graded course(s). After conversion of 'I' and 'X' grade(s) to appropriate grade(s), the SPI and CPI for that semester will finally be recalculated after taking the converted grade(s) into account.

14.8	There are, however, a few other academic requirements for undergraduate programmes where student will be awarded following two grades viz., ‘PP’ – Passed and ‘NP’ – Not Passed. All non-credit subjects (such as Physical Training/NCC/NSO/NSS, industrial training, field visits and Extra Academic Activities) belong to this category. No grade points are associated with these grades and performance in these subjects is not taken into account in the calculation of the SPI or CPI. However, the award of the degree is subject to obtaining a ‘PP’ grade in all such subjects.
14.9	The faculty advisor may permit a student to register for an audit course provided the course instructor allows auditing a course. The word “AU” shall be written alongside the Course Name in the Grade Card. The audit course & the grade “AU” shall not carry any credits and grade points. Pass or fail status will be shown in the grade card as “PP” for passed and “NP” for not passed. However, a student is not required to register again for passing a failed audit course.
ASSESSMENT OF PERFORMANCE	
15.1	There will be continuous assessment of a student’s performance throughout the semester and grades will be awarded by the teacher concerned or the appropriate committee appointed for this purpose on the following basis. - In case of theoretical subjects, the evaluation will be based on instructors’ assessment & quizzes (20% including assignments, conduct, attendance etc), mid semester examination (30%) and end semester examination (50%), and sessional subjects (Laboratory/Design/Drawing/Studio/Workshop etc.), the evaluation will be on the basis of attendance, assessment of the tasks assigned and end semester test/viva. - The evaluation of the project work will be based on sessional work assigned by the supervisor, seminar, project report and project evaluation committees’ assessment (also see Clause 15.2 below). - In case of other requirements such as seminar, extra academic activities etc., evaluation will be as determined by the grade awarding authority. - The mid-semester and end-semester examination will be conducted centrally by the Academic Section of the Institute every semester. Every theory course must have a mid-semester and an end-semester examination. The durations of the examinations will be 90 minutes and 2 hours respectively. No course can have an examination of shorter durations. The class-tests or quizzes will be organized by the instructor concerned. - The weightage assigned to different components of assessment will be announced by the concerned instructor(s) in the beginning of the semester. - The results of performance of the students in the mid-semester examination shall be announced by the instructors. The instructors should workout following points for returning evaluated mid-semester answer scripts: - for spot verification by students, the evaluated answer scripts shall be made available during one of the lecture classes/lab classes/tutorials or during a special session, as may deemed fit by the instructor; - at least a week ahead of the notified time-schedule for verification of answer scripts by the students, individual course instructor(s) may display the model answers relating to the question paper, through website for information to the students;

	III. students shall point out discrepancies in the evaluation by the instructor, if any, on the spot; IV. After conclusion of the spot verification of answer scripts, the students shall be allowed to carry their answer scripts; and no claim whatsoever shall be entertained afterwards. V. All instructors should report to their respective Heads of the Department/Centre about showing of evaluated answer scripts to the concerned students by the stipulated date set for the purpose in the academic calendar. VI. The concerned Head of the Department/Centre in turn shall send their respective reports on the subject to the Dean of Academic Affairs, within 7 (seven) days from the scheduled last date for showing evaluated answer scripts to the students. g) The final grades for a subject must be submitted after the end-semester examination by the instructor(s) concerned to their Head of the Department for onward transmission to the Assistant Registrar (Academic) within the date stipulated in the academic calendar.
15.2	Evaluation of Projects: a) The project work is normally in two stages, each spread over a semester. At the end of the first stage, the student is required to submit a preliminary report of his/her work by a prescribed date to the Project Coordinator /Secretary, DUPC and present it to an Internal Project Evaluation Committee. The second stage of the work is continued in the following semester. b) The second stage of project work is also evaluated in the same manner as in the first stage. However, in the second stage the students are required to submit unbounded copies of the report for examination. On successful completion of the oral examination, each student will be required to submit corrected bound copies of the project report one each to the department and the supervisor(s). c) Those who fail in the first stage assessment will be required to re-register for the first stage in the following semester. Likewise, those who obtain an 'F' grade in the final (second stage) assessment will be required to re-register for it in a subsequent semester (including a summer semester). d) For students having insufficient progress either in the second stage of a two stage project or in a single stage project, extension of time in the summer vacation not exceeding ten weeks from the announced last date for submission of the project report may be granted by the DUPC. In such cases, the concerned students will be temporarily awarded an 'I' grade. Further, if the reports are not submitted within the allowed period of time, the 'I' grade will be automatically converted to an 'F' grade.
15.3	The evaluation of performance in Extra Academic Activities will be done by the authorities conducting them and they will communicate grades to the Academic Section.
METHOD OF AWARDING LETTER GRADES	
16.1	The instructor(s) shall submit two copies of letter grades to the Head of the Department ,concerned by the due date specified in the Academic Calendar. The Head of the Department will forward all grades to the Academic Section by the due date specified in the Academic Calendar.

16.2	End-semester examination answer scripts and the sheet containing details of marks converted to grades shall be preserved by the instructor(s) concerned for a period of one semester.
16.3	Changes in Grades Already Awarded: If a student feels that he/she has not been awarded a deserving grade in a course, he/she may request the instructor of the course within one week of the start of the next semester, to show him/her the end-semester answer script in order to ensure that all the questions have been evaluated properly. In case of any change in grade, the same with due justification has be communicated by the Instructor to the Dean of Academic Affairs through the Head of the Department.
EXAMINATIONS	
17.1	In assessing the student's attainment in subjects (Theory, Laboratory and Sessional), seminars, project work etc., the system of continuous assessment is adopted by the Institute. In conformity with this practice, there will be one mid semester examination and an end semester examination for every theoretical subject – in addition to the instructors' assessment and quizzes etc.
17.2	A student may be debarred from appearing in the end semester examination due to the following reasons: a) If any disciplinary action is taken against him/her. b) On recommendation of a teacher, if i) his/her attendance in the Lecture/Tutorial/Practical classes has not been satisfactory during the semester, and/or, ii) his/her performance in the sessional work done during the semester has been unsatisfactory.
MAKE-UP EXAMINATIONS	
18.1	Students who have missed an end-semester examination on valid reasons and have been awarded "I" grade are eligible for a make-up examination. They should make an application to the Dean of Academic Affairs through the Instructor/HOD within seven days from the date of the examination missed explaining the reasons for their absence.
18.2	No make-up examination will be scheduled for the mid-semester examination and quizzes. It is entirely up to the instructor to ascertain the proficiency of the student by whatever means considered appropriate to him/her if he/she is satisfied of the bonafides of the case.
18.3	Official permission to take a make-up examination will be given under exceptional circumstances such as admission to a hospital due to illness and a calamity in the family at the time of examination. Students residing in the hostels should produce a medical certificate issued by the Institute Medical Officer only. Students who are permitted to stay outside the campus or who have been authorised to be away from the Institute should produce a medical certificate from a Medical Officer not below the rank of a Civil Surgeon and endorsed by the Institute Medical Officer. Certificates from private medical practitioners will not be accepted. The Dean of Academic Affairs can use his/her discretion in giving permission to a student to take a make-up examination.
18.4	Students who are awarded "X" grade by the teachers are also eligible for the make-up examination.
